Board of Supervisors:

I am a taxpayer and resident of Cochise County. I saw a sign posted on the North End of West road going to the divide that stated the County was considering opening the road for traffic. My opinion is that the County SOULD NOT improve this road. How can the County justify what would most likely be a multi-million dollar expenditure when there are so many roads in the County that are dirt and in shabby condition. I have heard the argument that West road is needed in case Hwy 80 is not accessible. The possibility of that occurring is remote and there are other routes that could be used.

Please do not waste the taxpayers money on this project.
