

3. Roads covered by RS 2477 should remain open and the County will take any action needed to protect these rights. This includes identification, inventory, and participation in any legal process to protect them.
4. Access to all water-related facilities such as delivery systems, monitoring facilities, livestock water and handling facilities, etc., must be maintained. Access routes must be adequately maintained by the owner of that route. Unreasonable restrictions may result in the loss of use of such facilities and property rights.

*E. Land Exchanges, Acquisitions and Sales*

1. The State and Federal Governments hold a sufficient amount of land to protect public interest, so there shall be no net loss of private land base.
2. Any affected district within the County must be compensated for any net loss of private lands with public lands of equal value or compensated for any loss of assessed valuation resulting from these exchanges by the appropriate acquiring agency.
3. A private property owner has a right to dispose of or exchange his property as he/she sees fit within applicable law.

*F. Recreation and Tourism*

1. The County has outstanding potential for recreation and tourism.
2. Resource development, recreation, and tourism are compatible through proper planning and management.
3. Potential developments should include family-oriented activities and developments that are accessible to the general public and not limited to special interest groups.
4. It supports cultivating recreational facility development and maintenance partnerships with other entities, agencies, and general special interest groups.

*G. Wildlife*

1. Properly managed wildlife populations are important to the recreation and tourism economy and to the preservation of the culture and lifestyles of its residents.
2. With proper management and planning, healthy wildlife populations are compatible with other resource development.
3. No increases in wildlife numbers or the introduction of additional species may be made until the availability of forage or habitat has been determined and the impacts on other wildlife species have been assessed.
