Mr. Keith Dennis, Senior Planner, presented the item using a PowerPoint presentation (available on the County's website). Mr. Dennis stated that the applicant was unable to make it to the hearing because of transportation problems. On March 14, 2012, the Planning and Zoning Commission (PZC) voted unanimously to approve this application. He showed the location map, photos of the property and area and described it as a very rural and undeveloped area. The applicant is living in a temporary shelter pending the outcome of this rezoning request. He also showed location of supporters and protestors (two each) and their arguments in favor or against. Mr. Dennis said staff's recommendation is to approve.

Chairman Searle opened the public hearing. No one wished to address the Board and Chairman Searle closed the public hearing.

Chairman Searle called for the vote and it carried 3-0.

ACTION

Board of Supervisors

13. Approve over-the-counter sales of tax deed properties remaining unsold following the March 1, 2012 tax deed land auction and subsequent over-the-counter sales, as set forth in the attached Exhibit A, plus related administrative fees.

Vice-Chairman Call made a motion to approve over-the-counter sales of tax deed properties remaining unsold following the March 1, 2012 tax deed land auction as set forth in the attached Exhibit A, plus related administrative fees. Supervisor English seconded the motion.

Chairman Searle asked if there were any additional bids and there were none.

Chairman Searle called for the vote and it carried 3-0.

Community Development

14. Adopt Resolution 12-09, to authorize the addition of 0.25 miles of Frontage Road in Sunsites to the Cochise County Maintained Road System.

Supervisor English made a motion to adopt Resolution 12-09, to authorize the addition of 0.25 miles of Frontage Road in Sunsites to the Cochise County Maintained Road System. Vice-Chairman Call seconded the motion.

Mr. Carlos De La Torre, Director, presented the item using a PowerPoint presentation (available on the County's website). Mr. De La Torre stated that this is a proposal to add a section of frontage road to the County's maintenance system and showed location map. Staff looked at policy and the addition meets all criteria and the road provides access to some businesses in the area.

Supervisor Searle explained that this was his request and that road had not been maintained in several years and that it would be good for the community. He explained that this leaves 1/4 mile that is not maintained, but there are no businesses there. Mr. Jones is present to address the Board on this matter.

Mr. Francis Jones said he appreciates the Board's consideration of this matter. He runs a self storage business and there is also a machine shop business; water/drainage issues when it rains have impacted businesses along that stretch of road.

Chairman Searle called for the vote and it carried 3-0.

Facilities

15. Adopt Resolution 12-08 to authorize the Arizona Department of Transportation (ADOT) to execute a Joint Project Agreement (JPA) between the State of Arizona and Cochise County for a pavement preservation project at the Cochise County Airport, designating ADOT as agent for Cochise County.

Vice-Chairman Call made a motion to adopt Resolution 12-08 to authorize the Arizona Department of Transportation (ADOT) to execute a Joint Project Agreement (JPA) between the State of Arizona and Cochise County for a pavement preservation project at the Cochise County Airport, designating ADOT as agent for Cochise County. Supervisor English seconded the motion.

Ms. Patty Lewis, Grants Administrator, presented this item. Ms. Lewis stated that they have reestablished their airport pavement program and ADOT is the lead agency in the state for the program. She described the pavement treatments Cochise County will receive for this fiscal year. In previous years ADOT asked for a cash match based on construction bids; now the rules have changed and the cost match is 10% of estimates provided by their contract engineer. The County's up-front cash match is equal to \$53,883. If the costs for the project are lower than estimated, the County will be reimbursed any overpayment. This JPA authorizes ADOT to execute and proceed with the runway pavement project only.

Supervisor English asked about the traffic at airport and observed that this airport does not make the County any money.

Vice-Chairman Searle asked if monies have been budgeted.

Mr. Ortega said not for the current fiscal year. The County will take money out of contingency reserve; the 1/2 cent sales tax.

Chairman Searle called for the vote and it carried 3-0.

STATE & FEDERAL LEGISLATION

Discussion and possible action regarding state and federal legislative matters, including but not limited to the items in the attached agenda.

County Supervisors Association Legislative Policy Committee Agenda for March 23, 2012 (*see attached*).

Mr. Ortega stated that he and Supervisor English were on the conference call last week. SB1302 was introduced and modified. The basic gist of the bill is that the County would be required to perform post-fire flood mitigation on private property. Mr. Gowan introduced legislation after hearing from residents that the County did not provide sandbags or assist residents in the aftermath of the fire, which is not accurate; the County provided in excess of 20,000 sandbags. He has drafted a letter for Board consideration; however he spoke with the County Supervisors Association (CSA) this morning and they suggested not sending the letter yet. He did request the Board take the position of opposition to SB1302.

Vice-Chairman Call commented on the inaccurate representation about the County's "inaction" during and after the fire that was reported at the legislative hearing and recounted many of the County's proactive actions during that time.

Mr. Ortega commented that one of the issues needing to be clarified has to do with the Governor's allocations during that time (discussed what had been reported at legislative hearing versus what had actually occurred). He also pointed out that even if this bill were to go through, there is no funding associated with it; the County would be on the hook for any costs.

Supervisor English commented that she is disappointed that two people who are supposed to be representing us are saying to us that we are supposed to go out and take care of their properties with or without their knowledge or consent and it is very troubling.

Vice-Chairman Call stated that he thinks the bill may have been well-intentioned but to blame the County for not doing its job is just wrong.

Chairman Searle agreed and stated that the Board had discussed all of these issues with their representatives this past Fall. He thinks it is important that the County correct the record with both a letter and probably some photographs.

Mr. Ortega will work with Mr. Craig Sullivan at CSA to send message to correct the record. He commented that he suspects that the bill's language may be changed to be permissive, from "shall" to "may" and that would create an expectation on the part of the public and put the Board in a spot. He will recommend opposition to the bill even if that language change is suggested.

Chairman Searle clarified that there were two issues: 1) to oppose the bill and 2) to correct the record regarding the County's response during the fire.

Supervisor English reported that the electronic billboard bill; Cochise County has stated they do not want them and now the legislature wants to allow them. The bill passed, but an amendment allows cities and counties to opt out. She did send a letter to the Governor asking her to veto the bill in favor of dark skies in rural areas. She also sent a note to Senator Allen, thanking her for her opposition to HB2570. The Arizona Association of Counties (AACo) wants to oppose HB 2826 regarding consolidated elections moving only to every two years; the CSA wants to support. She requested the Board's direction as to position she should take, given that she sits on both organizations.

Mr. Ortega observed that the Board discussed previously and the bottom line was that legislature is usurping local control. Even though on the surface it seems to be a cost-savings measure, it would impact local cities and special districts.

No action was taken on this agenda item.

REPORT BY MICHAEL J. ORTEGA, COUNTY ADMINISTRATOR -- RECENT AND PENDING COUNTY MATTERS

Mr. Ortega reported that he had conversation with Pima County and with our current Medical Examiner, Dr. Flores, who is retiring in June, regarding replacing those services. A meeting has been set with the County Attorney's Office, the Sheriff, and Pima County to discuss the logistics. There will be a dramatic increase of costs with the possibility of using contract workers, but the structure and funding for this service will be changing.

CALL TO THE PUBLIC

Chairman Searle opened the Call to the Public. Mr. Jack Cook addressed the Board on matters of personal concern. No one else wished to address the Board and Chairman Searle closed the Call to the Public.
