**Subject:** liquor license petition for 5620 S. Hwy 92  
**Attachments:** SKMBT\_C36012101111340.pdf

To whom it may concern:

See attached for Commissioners as requested via your telephone message. I expect you will have between 300-400 signatures as the two churches have a large group of members and are working on the signatures. Additionally, a large percentage of the neighbors within a one mile radius are signing the petition. I would expect a SV Herald article a couple of days prior to the October 23, 2012 Board of Supervisors Meeting.

For the record none of the petitioners are against the construction (which is already ongoing) of the Cstore. It is the license they are against. The proliferation of liquor licenses is above the current need of the local community. Everyone would like to have a nice new retail location to buy gas, etc. We encourage capitalism and growth.

I too support the Cstore, as the next time my wife needs me to go get her candy bar fix or get some gas for my mower or dirt bikes I will be able to save at least two minutes travel time instead of going to the applicants other location just to the North.

You should expect the complete signature package a few days before the meeting and a group of local voters from within a mile of the subject liquor license to attend and share their views with the supervisors at the meeting on October 23, 2012.

A number of one mile radius property owners have sent letters to the liquor board as outlined in the posted notice.

Very Sincerely,

Robert
