-CONGRATULATIONS -

You have been awarded a grant in the amount of \$25,000.00 for a Rainwater Harvesting System.

Per your request, this grant is for the installation of both an active and passive rainwater harvesting system, as detailed in your grant request letter

Your commitment to water conservation is to be commended and on behalf of the entire board of The Cochise Water Project, I would like to thank you.

Requirements of the grant are as follows below.

We are proud to be your partner in water conservation.

Sincerely,

Patrick G Call
Executive Director

GRANT NUMBER: 2014-11

GRANTEE: Cochise County Community Development

GRANT AMOUNT: \$25,000.00

- 1) Upon completion of the project, we require you to submit photos of the completed project along with a short write up of the project itself. Include information such as square footage of building, location of property, size of tank and any other aspects that may be special to your project.
- 2) The Cochise Water Project, at is discretion, may include your project, (including photos and write up), in any future promotional efforts, to include tours of the outside of your facility.
- 3) Acceptance of this grant will require you to display prominent signage for the public indicating you are harvesting rainwater at your facility. Staff from The Cochise Water Project will be in contact with you in the near future to discuss placement and design of the signage.
- 4) Sign and date below indicating your acceptance of the grant terms and return a copy to The Cochise Water Project.

Again, thank you for your water conversation efforts.
