**I. OBJECTIVES/GOALS**

During the term of this Plan, WS will direct its efforts toward managing damage caused by wild and feral animals to livestock, other agriculture commodities, the public health and other property within the limitation of the funds provided by the Cooperator, the Arizona Department of Agriculture, and those allocated by WS to the program within Arizona.

According to Arizona Revised Statutes (ARS) § 3-2401 and § 3-2405, and in cooperation with APHIS-WS and other government agencies, the objectives of the work to be performed by the Wildlife Specialist(s) assigned to the Cooperator are listed below in order of priority:

- a. Direct efforts will be made to reduce the probability of transmission of zoonotic diseases to livestock, poultry, wildlife, and human populations through collection of diagnostic samples, and management of wildlife and feral animal populations that are vectors of zoonotic diseases.
- b. Direct efforts will be made to manage losses to livestock, poultry, and crops from damage and predation caused by wild and feral animals.
- c. Direct efforts will be made for the protection of residential areas and property, other industries, and wildlife from damage and predation by wild and feral animals.

**II. PLAN OF ACTION**

The funds provided by the Cooperator will pay for approximately one staff year (FTE) of effort by WS employees toward these objectives.

As identified in ARS § 3-2401 and § 3-2405, WS and the Cooperator shall cooperate in the damage management or relocation of predatory wildlife, noxious rodents and related animals that are injurious to livestock, poultry, game, agriculture, other industries and the public health in accordance with organized and systematic work plans.

In addition to above, WS will conduct feral, free-ranging and hybrid dog management to protect agriculture and animal Husbandry (e.g. Livestock, poultry) and natural resources in both rural and urban settings. Where applicable; WS will coordinate dog management with the Sheriff's office.

Protection of wildlife (i.e., game) will be in cooperation with the US Fish and Wildlife Service (migratory birds and threatened and endangered species) and/or Arizona Game and Fish Department. Annual work plans are developed through consultations with the US Forest Service, Bureau of Land Management, and Arizona

State Land Department with participation by the Arizona Game and Fish Department, and Arizona Department of Agriculture. Wildlife Services is also an active participant in the Arizona Livestock Incident Response Team.

Efforts will be made to increase cooperative funding by entering into Cooperative Service Agreements with additional interested counties (ARS § 3-2401) and by entering into cost share agreements with organizations and individuals within the State who require intensive and/or specialized wildlife damage management that is beyond the capability of the existing funding.
